Responses provided to this request are based upon identifying data provided by the requestor. All records are computerized from October 1999 to present. Record results prior to 1999 by request ONLY. If such identifying data is incorrect/insufficient, the corresponding response may be inaccurate. The only information that you will receive back is from the Wood County Sheriff's Office. If a village/city PD in Wood County has a report on the person being checked, the WCSO will not always have that information. Questions regarding the disposition of an arrest may be obtained through the court of record. For a more thorough check, you will want to submit a BCI/FBI background check.
